

SLIDING SASH SOLUTIONS[®]

Bespoke Timber Front Doors Handcrafted. Made-to-Measure. Built to Last.

At Sliding Sash Solutions, every door is individually designed and hand-built by our joiner using traditional methods. Whether you want Victorian, Edwardian, Georgian or modern styling, we can **match, replicate or design from scratch** — creating a truly bespoke timber door that suits your home perfectly.

We use **100% Accoya[®] timber** exclusively for our doors: the world's most environmentally friendly, high-performance timber.

WHY CHOOSE OUR DOORS?

Handcrafted Quality

No factory production. Every door is crafted by hand using time-honoured joinery techniques for strength, authenticity and detail.

Made from Accoya® Timber

Accoya® is ultra-stable, rot-proof and long-lasting — with a superior paint finish and genuine sustainability, making it one of the world's most eco-friendly timbers.

Bespoke to Your Home

We can recreate original period designs or build a unique modern style. All mouldings, panels and features are custom-made to match your property.

Security Options

We offer a range of premium locking systems for exceptional security, without compromising on design, including:

Built for British Homes

Our Accoya® timber doors are extremely stable, long-lasting and low-maintenance — ideal for all UK weather conditions.

DESIGN OPTIONS

Custom Glazing

We design and build bespoke glazing units including:

- Double Glazing
- Vacuum Glass
- Traditional leaded lights
- Clear / frosted / decorative glass
- Decorative film units
- Bevelled or speciality glass

Colours & Finishes

We match any colour and offer high-quality finishes using Farrow & Ball, Little Greene, Sikkens, or a colour of your choice.
